I would like to express my thanks for the outstanding manner in which you conducted the intelligence class for the 10th Special Forces Group (Airborne) during the week of 9 - 13 July. In talking with the men who attended the class I have heard nothing but praise for your presentation. It was extremely beneficial for us to have the opportunity to receive such training, especially with the evolving nature of urban operations for Special Forces.

Your willingness to spend time other than class hours to further the knowledge of the class members was particularly appreciated. It is this type of devotion which sets the true professional above others in his field, and you more than merit that title.

Again let me express my gratitude for a well-done job. We of the 10th Special Forces Group (Airborne) look forward to a continued association with you.
